technology companies.

TECHNOLOGY MARKETING KITS

FROM RIPE

The success of any new business relies heavily on a smart marketing strategy. Without that commitment even the best idea has little chance of commercial prosperity. For over 12 years Ripe has built award-winning visual brands, marketing systems, and advertising campaigns for businesses across the country. Ripe now offers fool-proof, cost effective, **tech-specific marketing packages** to ensure your great idea makes a great impact.

TM PreKit

Designed to help get you past the hurdle of securing first funding, our **TM PreKit** is focused on providing simple, cost-effective presentation templates and tools that are easy to implement and certain to make an impact on your investor audience.

Consultation is free, so contact us today and let Ripe show you how to make your great idea a great success.

TM PosKit

After securing funding, your target audience expands well beyond the investment community to include multiple private and public markets. To secure the best ROI you need to reach this broad audience with a compelling and memorable message. This is where Ripe's **TM PosKit** system cuts to the chase by delivering a unique visual and verbal marketing toolbox that empowers you to speak effectively and consistently through multiple marketing platforms.
